European Journal of Nepalese Healthcare Professionals (EJNHP)

Subject: Congratulations on the Launch of the European Journal of Nepalese
Healthcare Professionals (EJNHP)

Respected sir,

On behalf of the Nepal Medical Association (NMA), and in my capacity
Senior Vice President, I extend my heartfelt congratulations on the launch
of the European Journal of Nepalese Healthcare Professionals (EJNHP).

The establishment of EJNHP is a commendable milestone that reflects a
strong commitment to advancing medical science, promoting evidence-
based practice, and fostering academic collaboration among Nepalese
healthcare professionals across Europe and the global medical community.
I am confident that the journal will become a respected platform for high-
quality research, scholarly exchange, and professional development, while
further strengthening the contributions of Nepalese healthcare professionals
to global health.

Please convey my sincere appreciation to the Society of Nepalese Healthcare
Professionals in Europe (SNHPE), the Editorial Board, reviewers, and
all those whose dedication has made this important initiative possible.
I wish EJNHP every success in its inaugural issue and continued growth in
the years ahead. I also look forward to future opportunities for academic
collaboration between our organizations.

With warm congratulations and best wishes.

Sincerely,

Dr. Sanjeeb Tiwari Senior Vice President
