

Message from the Chair of NDA to SNHPE

Dear Esteemed Colleagues,

I would like to extend my heartfelt congratulations to the Editorial Team of the European Journal of Nepalese Healthcare Professionals (EJNHP) on the launch of your journal. Establishing an international, peer-reviewed, open-access journal is a remarkable achievement that requires tremendous dedication, expertise, and hard work. I sincerely commend the entire editorial team for their commitment to advancing academic excellence and promoting high-quality scientific research. I look forward to reading future issues of the journal, which I am confident will feature outstanding audits, case reports, original research articles, systematic reviews, and other high-quality scholarly publications. I am particularly pleased that, as an open-access journal, EJNHP will be freely accessible to healthcare professionals and researchers globally and in Nepal, thereby contributing significantly to the dissemination of knowledge and the advancement

of healthcare and research. On Behalf of NDA (UK), I wish the 2nd General Assembly of the Society of Nepalese Healthcare Professionals in Europe (SNHPE) a great success. It is truly inspiring to witness the remarkable growth of the Society under the leadership of Dr. Binaya Shrestha and his team, bringing together Nepalese healthcare professionals and researchers from across the European Union (EU) and the European Economic Area (EEA/EFTA) within such a short period.

Once again, I congratulate and thank SNHPE and the Editorial Team of EJNHP for their excellent work.

With my best wishes and warm regards,

Dr. Arati Thapa,
Chair and trustee of Nepalese Doctors Association
(UK)
